Dear Eloyd,

Your silence after yourx meeting with Downing yesterday does not indicate you were jumping up and down with joy.

Yesterday I obtained some absolutely solid proof that the Bowley story is correct. Initially I decided to wait and see if anything in Congress looks worthwhile and promising. However, I then decided to try to sell it as a news story. It will be next week a the earliest before I hear. It may be longer.

In any event, I don't want to use it right now in Congress but do want you to know about it in the event there is an emergency need.

It is the kind of thing that can be used if there is an attack of some kind, perhaps on Congresspeople. When I can I'll be doing some dubbing, to eliminate all but what is relevant.

It is the tape of the police broadcasts.

I've written to myx source for the full segment beginning with Tippit's first broadcast.

Except for Kim and Lila and to them in confidence I don't want this to get around and be misused or used when there is no need. Not only would I prefer to sell the story but if I can't I want to await a use that can make a difference.

Best,

Dec Bowley, Belin file
